## The big-move timeline

- **3–4 weeks out:** declutter room by room; book the move; if you are in a unit with no driveway, ask the council about a Work Zone (they want them lodged weeks ahead).
- **2 weeks out:** start packing the rooms you use least; order cartons; confirm the goods-lift booking with your building.
- **1 week out:** pack the bulk of the house, a room a day; label every box with its room; sort the essentials box (kettle, chargers, toiletries, documents).
- **Day before:** defrost the fridge; pack the kitchen; charge phones; cash for parking; confirm parking/lift one last time.
- **Move day:** essentials box travels with you; do a final walk-through of every room, cupboard and the shed.

This is a general planning guide. Quantities, truck size and crew depend on your actual home — get a tailored estimate from the box planner or ask us for a quote. We never share your details.
